**Options:**

940 nM Covert IR Light \$149.00

**Description:**

Now! A digital camera designed in a pocket scope configuration at a price that all police departments and border patrol officers can afford. Just add 4 AA batteries turn it on and adjust the focus, and your ready to see and record the drug buys or other similar type operations.

The built-in illuminator is good for about 100 yards, but for longer range, just add our covert 940 IR illuminator.

With the video output feature, just plug in the large monitor, and see a lot more detail.

The unit has a built-in video recorder that can record video or snap shots for 3.7 hours. The video format is AVI/JPG. This unit will be part of the new "Officer Safety Kit"
