| <b>A/V Storage:</b>        | 1 TB       |

### Description:

This new camera system was designed to let the officers inside the surveillance van know what is going on around the surveillance van. A 7" monitor/DVR is mounted next to the main viewing monitor for easy pick up. One could add two of our very sensitive microphones (Whisper 1) to the two audio inputs for outside audio coverage. Each camera comes with 10' cables for easy connection to the DVR.
