Description:

This is a simple R.F. Link that sends video from the transmitter to the receiver which contains a 4 channel VDR (1 TB Storage) & color monitor. The monitor further contains the Pelco control codes for the PTZ & camera. The range maybe improved by adding gain antennas on both the transmitter & receiver. These unit are industrial grade products and not home units. Check out our PTZ units for multiple camera operations. 4 cameras max. when used with our KSR-9004 or KSM-4.
